Subject - EnglishSection-A (Reading skill)**1. Read the following passage carefully and answer the questions given below:-**

Bears are found in Europe, Asia, Africa and America. They are massively built, with short tails and thick legs. Bears are not really carnivores. They eat almost anything. However, in captivity, they seem to enjoy meat, vegetables, fruits, milk, rice and porridge.

Bears are not quite as dangerous as people imagine them to be. Like most animals, they will do their best to avoid human beings. Many hunters have been killed by bears as they can be extremely dangerous.

Bears have a strong sense of smell but they have very poor eye-sight. They are also dull with hearing but they are very intelligent.
